

CHILD CARE - let's make it happen in Vancouver!

Thursday, April 12

at 6:30pm

Heritage Hall - 3102 Main St.

Info: 604-291-9611

- ✂ Vancouver Child Care Resource is losing half of its provincial funding. Ten neighbourhood-based CCRR services that help families with referrals and subsidies, and give family child care providers training and business support, will be gone.
- ✂ The Campbell government is also cutting 100% of the Westcoast Provincial Services budget. That means no more access to the unique Westcoast Resource Library that promotes diversity and multiculturalism outside of Vancouver. And, significantly reduced access to the Safe Spaces bullying prevention training for caregivers of 3-5 year olds.
- ✂ Waitlists are growing and parent fees are rising. Families, child care providers and community leaders are not sitting still for these cuts to urgently-needed child care services.

Please drop in for this info session. Share your story about why child care services are important to you. Learn how you can take positive action. Join the growing campaign to restore and build child care in BC.
